## Professional Liability Insurance

### Because you never know...

Each project you work on creates the potential for a lawsuit. Even if no mistake is actually made, just one allegation could put your career, firm, and reputation at risk. Help protect against the consequences of claims arising out of errors, omissions, and negligent acts with a high-quality professional liability insurance plan from Pearl Insurance.

### Pearl is here for you!

We use our over 50 years of professional liability experience to shop the market for the Architects & Engineers Professional Liability plan that best meets your needs. Our custom coverage solutions include many valuable features, such as:

- Broad definition of Insured
- Deductible options starting at \$1,000
- Wide-ranging limits—up to \$20,000,000
- Credits for claims settled through mediation
- Expert claims assistance
- Extensive risk management services
- Optional project-specific limits endorsement
- Coverage available for construction-related fields (Construction Managers, Environmental Engineers, Land Surveyors, and more)

### Protecting your entire business.

In addition to professional liability coverage you can rely on, Pearl also offers a variety of supplemental plans to help safeguard against a variety of business risks.

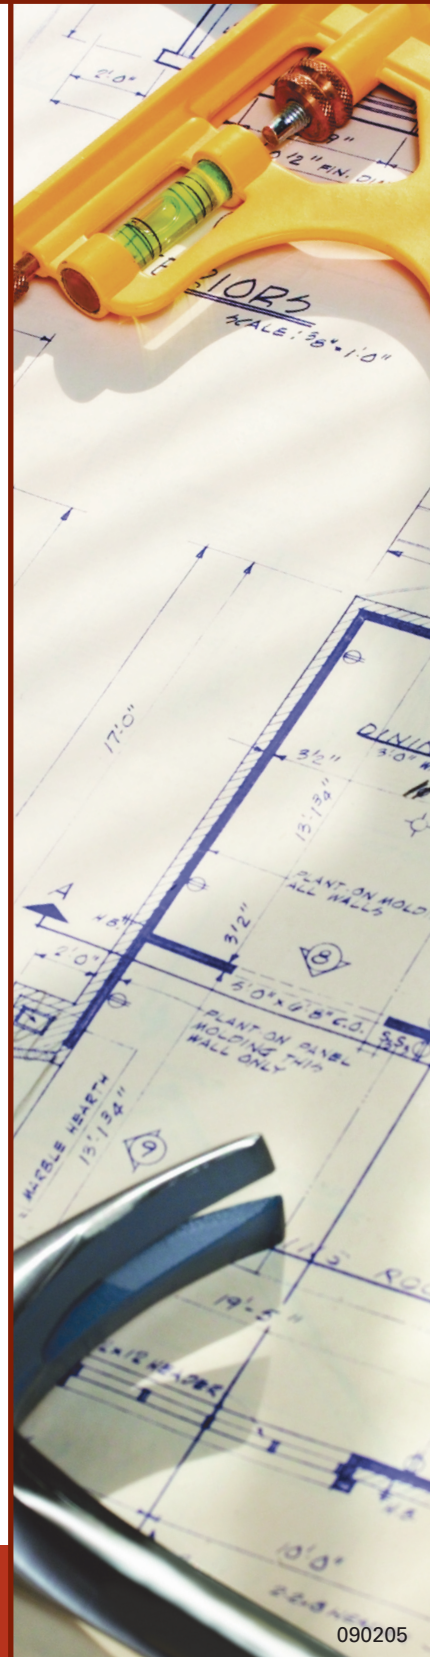

- Directors & Officers
- Commercial Auto
- Employment Practices Liability
- Workers' Compensation
- Umbrella
- General Liability
- Or tailor a complete Property & Casualty package to your specific needs
